## YOUR PROTECTION - OUR PRIORITY

At Hazi Direct we supply quality hazardous substance removal consumables that keep the construction and demolition industry protected.

The team here understand the importance of not only having the right protective products for the job, but having them on hand when you need them.

With a specialised focus on innovation in the industry, we offer the products you know as well as the products you want to create.

## DON'T WASTE TIME REMOVING WASTE

### PEOPLE WHO UNDERSTAND

Our priority is to understand you, our customer, in order to provide products that are suitable, reliable and beneficial for your business.

### PROMPT DELIVERY TIMES

We know you want protection now so we waste no time delivering our products you need to your business, or even better, straight to site.

### PRODUCTS THAT DO THE JOB YOUR WAY

When we say we deliver you quality products that protect, we mean business. If we don't already have it, we can get it and if it doesn't exist yet, we can make it happen.

## PRODUCTS

# POLYTHENE

### Black Polythene

High strength black polythene is in stock in a range of sizes and thicknesses to suit your containment requirements. Black polythene is ideal for wrapping irregular shaped items or lining trucks and bins.

### Clear Polythene

This superior polythene is used throughout the construction and asbestos removal industries. With large volumes in stock and a wide range of variants, we are sure to have you covered. Often Used for Class A enclosures and jobs where visibility through the film is required.

### Options

Code	Product	Specifications	Qty/Pallet	Roll size
PE001	Black Polythene Heavy Duty Film	250 Micron	30 Rolls	4m (W) x 25m (L) x 250mic

## CUSTOM PRODUCTS

Here at Hazi Direct we work closely with a variety of specialist manufacturers across the globe. This enables us to customise our products to your specifications.

Whether it's creating new products for efficiency or adding your branding to personalise, we can work with you to provide a solution. Talk to the team today about any new ideas you want to bring to life.

**Full product customisation**

**Product Development Support**

**Branding Opportunities**

## QUALITY CONTROL & SUPPLY CHAIN

Without the highest quality control processes accompanied by a reliable supply chain, we leave ourselves and our customers vulnerable to health and safety and compliance issues. That's why we take this seriously and ensure we meet both NZ and international requirements with our products and services.

**UN Certified Packaging**

**Multiple supply options**

**Refined Supply Chain Processes**

## RESEARCH & DEVELOPMENT

We are constantly developing our existing products and researching new ones in order to have a better understanding of what's possible in the industry.

We pride ourselves on our innovative approach to providing the most safe and effective solutions for our customers.

**Innovation Focused**

**Continued Research and Testing**

**Industry Knowledge**

## DISTRIBUTION

Hazi Direct delivers to customers across Australasia via our strategically located warehouses. This enables us to minimise lead times and transport costs while retaining the ability to deliver your product on time, every time.
