

PRODUCT CATALOGUE

YOUR PROTECTION – OUR PRIORITY

Hazi Direct supply products into the Demolition, Hazardous Waste containment & Asbestos Remediation industries.

The team here understand the importance of not only having the right protective products for the job, but having them on hand when you need them.

With a specialised focus on innovation in the industry, we offer the products you know as well as the products you want to create.

DON'T WASTE TIME REMOVING WASTE

PEOPLE WHO UNDERSTAND

Our priority is to understand you, our customer, in order to provide products that are suitable, reliable and beneficial for your business.

PROMPT DELIVERY TIMES

We know you want protection now so we waste no time delivering our products you need to your business, or even better, straight to site.

PRODUCTS THAT DO THE JOB YOUR WAY

When we say we deliver you quality products that protect, we mean business. If we don't already have it, we can get it and if it doesn't exist yet, we can make it happen.

haziSAFE® BAGS

Our UN Certified haziSAFE® bags provide a very efficient and cost effective containment solution to demolition and decontamination companies. Our haziSAFE bags provide a safer and smarter way to transport hazardous waste and with a safety weight load of 1250kg. You can't go wrong.

1m3 haziSAFE® Bag
(100cmx100cmx100cm)
1250kg tested - Suitable for loading with contaminated soils

1.5m3 haziSAFE® Bag
(250cmx150cmx40cm)

2.5m3 haziSAFE® Bag
(320cmx150cmx53cm)
Extra length to fit standard super six sheeting

3m3 haziSAFE® Bag
(250cmx150cmx80cm)

ASBESTOS BAGS

Quality asbestos removal bags that are manufactured to meet New Zealand’s regulatory requirements. Made using 100% virgin PE at 200 micron and pre-printed with asbestos waste warning signs.

Product Development Support

Branding Opportunities

QUALITY CONTROL & SUPPLY CHAIN

Without the highest quality control processes accompanied by a reliable supply chain, we leave ourselves and our customers vulnerable to health and safety and compliance issues. That's why we take this seriously and ensure we meet both NZ and international requirements with our products and services.

UN Certified Packaging

Multiple supply options

Refined Supply Chain Processes

RESEARCH & DEVELOPMENT

We are constantly developing our existing products and researching new ones in order to have a better understanding of what's possible in the industry.

We pride ourselves on our innovative approach to providing the most safe and effective solutions for our customers.

Innovation Focused

Continued Research and Testing

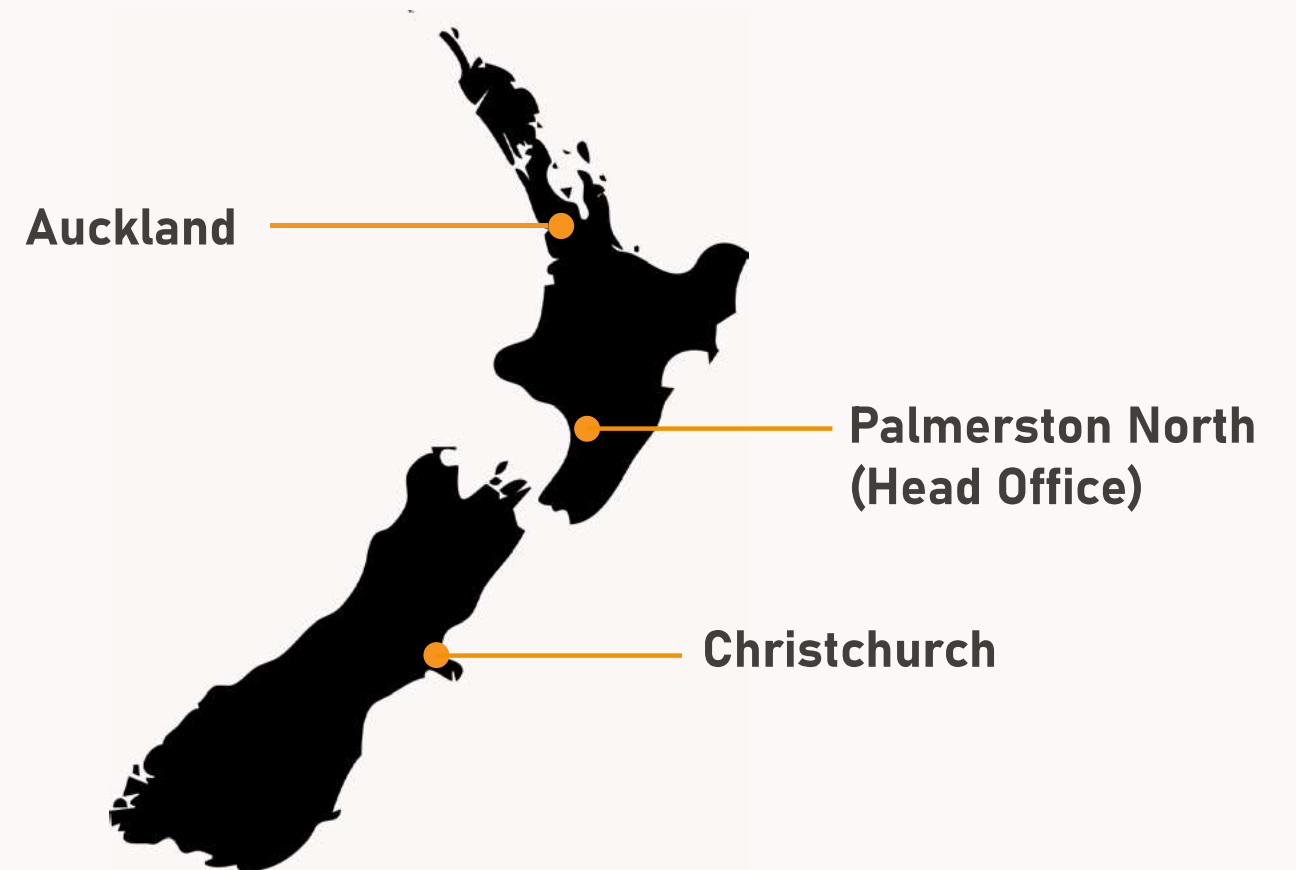

Industry Knowledge

DISTRIBUTION

Hazi Direct delivers to customers across Australasia via our strategically located warehouses. This enables us to minimise lead times and transport costs while retaining the ability to deliver your product on time, every time.
